

Aqua Kleen

Concentrated Watercraft Cleaning Solution

Purpose:

Aqua Kleen is a medium foaming liquid detergent formulated for the boating industry. Aqua Kleen will remove all traces of scum, algae with minimum effort, and will leave a high gloss finish.

Benefits/features:

- Safe on all surfaces
- Solventized action to insure complete grease and oil removal
- Unique mixture of wetting agents and alkaline builders which emulsify and suspend soils
- Completely miscible in all proportions with hard or soft water, either cold or hot
- Contains no phosphates and surfactants are biodegradable

Where to use:

Aqua Kleen is designed for use with a brush or pressure washing system. It can be used to clean all painted surfaces on house boats, personal watercrafts, and boats.

Corrosion data material safety:

Aqua Kleen is a non-toxic, non-flammable, phosphate-free, biodegradable blend of synthetic, organic and inorganic compounds. Aqua Kleen is safe to use on all surfaces, when used as directed. Concentrated product should not, however, be allowed to contact soft metals (aluminum, magnesium or highly polished painted surfaces). Aqua Kleen, when used as directed is safe on all painted surfaces.

How to use:

Concentration between 3 to 10% will be sufficient. If the watercraft surface is hotter than 30°C, spray the entire vehicle with cold water thoroughly, then clean all sections thoroughly with Aqua Kleen as directed, with slow passes of the gun.

Product is most effective when used with a 2000 PSI pressure washer or a medium soft to coarse brush to assist in the cleaning process.

Important: Rinse thoroughly before cleaner can dry on the watercraft surface.

Properties:

Appearance:	Slightly viscous foaming liquid, green in color
Odour:	Mild
Specific Gravity @ 20°C	1.10
pH (1%):	8.5
Foam:	Moderate to High
Phosphates:	None
Biodegradable:	Yes, all surfactants
Rinsability:	Complete

Precautionary statement:

Refer to current Material Safety Data Sheet
